DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 10-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10 , partly due to the numerous amendments, is confusing , grammatically awkward and difficult to comprehend.

The examiner requests that claim 10 be cancelled and entered as new claim 21 to provide a clearer understanding of the claim.

Additionally, claims 10-12 having amendments in which the font is very faint.

Note claim 10 lines 5,7,8, et al.

The amendment to claim 10 has introduced "support arm"; however, the Specification describes the support arm as base stabilizing means 42-44.

In claim 10 line 12, it is unclear what noun should follow the adjective "both".

An essential feature of the invention are foot supports for providing a stepping type exercise. Applicant has removed the foot support structure from the claims.

The claims should further include a whereby clause describing the use of the device in a stepping type exercise.

In claim 11, line 2 recites "for providing". The spacing should be minimized to avoid any confusion.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

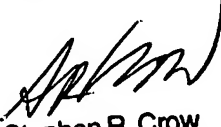

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
